# COMO UTILIZAR EL CATÁLOGO REPUESTOS

Después del despiece de las calderas se encuentran las listas de los componentes de las mismas, divididas en diferentes columnas con el siguiente significado:

|                           |                                                                                                                                                                                                                                                                                                                                                                                       |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Pos</b>                | Número de identificación del componente en el dibujo del despiece de la caldera.                                                                                                                                                                                                                                                                                                      |
| <b>Description</b>        | Breve descripción del componente.                                                                                                                                                                                                                                                                                                                                                     |
| <b>Code</b>               | Código BAXI S.p.A. del componente.                                                                                                                                                                                                                                                                                                                                                    |
| <b>Tab. XX</b>            | XX es el número del dibujo-despiece de la caldera referente al modelo que estamos examinando.                                                                                                                                                                                                                                                                                         |
| <b>From serial number</b> | <p>Fecha (año y semana) de inicio de producción de un componente (las primeras cuatro cifras del nº de serie de la caldera).</p> <p>Por ejemplo:</p> <p><b>B005: año 2000</b> (B indica la década 2000-2009; 0 indica el año) – <b>5ª semana</b>.</p> <p>Si la casilla está vacía significa que es un componente que se utiliza desde el inicio de la fabricación de esa caldera.</p> |
| <b>To serial number</b>   | <p>Fecha (año y semana) del final de la producción de un componente (las primeras cuatro cifras del nº de serie de la caldera).</p> <p>Por ejemplo:</p> <p><b>B012: año 2000 – 12ª semana</b> (N.B. la fecha de final de producción se tiene que considerar indicativa).</p> <p>Si la casilla está vacía significa que es un componente que se utiliza todavía.</p>                   |
| <b>Interchangeable</b>    | <p>Intercambialidad entre un nuevo componente que ha entrado en la producción y un viejo componente que ya no se usa.</p> <p>YES: el nuevo componente se puede cambiar con el viejo.</p> <p>NO: el nuevo componente <u>no</u> se puede cambiar con el viejo.</p>                                                                                                                      |
